***Education:** Skibsmontor (equivalent to shipwright), Apprentice as a shipwright 4 & 1/2 years in Denmark*

***Skills:** Due to many years in different work environments: Denmark- age 16 to 23 years old, Greenland 10 years, Caribbean 23 years; I have learned the following skills:*

Thinking outside the box,

Focus on precision and quality,

Ability to multi task,

Faultfinding and problem solving,

I am easygoing in nature but focused on the task at hand,

My abilities include the following:

Rewiring,

Diesel maintenance and repair

Electrical fault finding

Plumbing, pumps, etc.

Fine carpentry

Re-powering & new installations

***Experience:** (the following is focused on some of the special custom projects I have made)*

2016: Breanker- Re-powering, various rewiring jobs, maintenance and repairs, carpentry. 53' charter cat.

2016: Gulfstar 53', complete floor replacement whole vessel. Other various maintenance tasks.

2016: Boat Bar, a personal project. This is made in wood in the shape of a boat hull. In 2016, finished the plug and then completed a mold intended for reproduction.
